

TCM Forklift Part

TCM Forklift Parts - In the global industry of material handling, forklifts play a major role for transporting industrial goods. First innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained recognition following WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machinery spread internationally.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the business is simply known as TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM began constructing forklift manufacturing locations outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures several models of industrial forklifts with over 50 years of accumulated technology and expertise, making their products used and recognized all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading company.
