

Rockwell Parts

Rockwell Parts - AxleTech International is a leading provider in the world of specialty vehicle drive-train systems and parts together with off highway vehicles. The business prides itself on being its clients' chosen supplier. AxleTech strives to meet and exceed their customers' expectations for delivery, quality, service and technology. They believe in working within an atmosphere that encourages the utmost integrity with empowered collaboration, together with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively utilizing principals of ecological safety and stewardship in how they do business. The business has put various programs in place so as to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whichever questions or comments, because they are happy to promote and share this policy with a greater understanding of their efforts. They are extremely devoted to improving and preserving the environment. AxleTech has an EHS program which not only protects the natural environment but which even actively protects their neighbors and employees also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both commercial and military applications. These applications vary from construction equipment to airport ground support. AxleTech specially designs axles to meet specific application demands. They have over one thousand various axle specs within their present offering. With over 100+ years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle needs. The company is well known in many commercial and military applications. They offer complete axle assemblies utilized for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have further details which could be found in the "ISAS" product collection.
